

# Blud

## Soak

You've got a problem  
I cannot face it  
Hear the anger through the ceiling  
I wish I missed it  
Quit your employment  
We can work without it  
If it means you will not suffer  
You're in my blood  
I'm in your blood  
You're in my blood oh oh oh oh  
Let's just forget oh oh oh oh  
Let's just forget  
Get up before they shoot you down  
This is not worth the risk  
The shouting's dampened by the ceiling  
Oh, and I am worried, for this is  
I'm in your blood  
You're in my blood oh oh oh oh  
Let's just forget oh oh oh oh  
Let's just forget
