## **Ten Feet Away**

## **Keith Whitley**

Alone at a corner table She was watching me watching her I was singing about an old flame burning She was hanging onto every wordI was pouring out my feelings She was pouring out the wine Through the smoke and the beer, it was perfectly clear That we were touching each other's mindsIt was love ten feet away Imagine her in my arms with that look on her face Lying somewhere in some shadowy place It was love just ten feet awayI just knew my closing song would do it I knew that I was heaven bound I could tell she was moved but before I was through This stranger walked up and sat downHe was trying his best to impress her But she never took her eyes off me When he got up and left, I said to myself Whoa, what a night this will belt was love ten feet away Imagine her in my arms with that look on her face Lying somewhere in some shadowy place It was love just ten feet awayIt was love ten feet away Imagine her in my arms with that look on her face Lying somewhere in some shadowy place It was love just ten feet away
