

Healing Power Of Love

Dan Hill

Do you believe in the healing power of love
Or is it just a fantasy, oh?
Do you believe in the power from above?
I feel it between you and me And I don't have to look in your eyes to know
There's somethin' goin' on here
That's out of our control
This is happenin' too fast for us to fight There's a healing power deep in all of us
In the darkest hour, we can still rise up
There's a new horizon, shining between you and me
When you slip your hand in mine
I feel the rub of the healing power of love And we got nothin' but love to pull us through
Love and compassion
(Ooh compassion)
But in this desperation world nothin' else will do
Oh, we can make it happen
(Only we can make it happen) And you don't have to say a word, I understand
(I am yours only)
When you lay down your love lasts forever
(Waitin' forever)
You will always be my woman
And I will be your man There's a healing power deep in all of us
In the darkest hour, we can still rise up
There's a new horizon shining between you and me
When you slip your hand in mine
I feel the rub of the healing power of love Deep in the night when we're so alone
I swear I feel the power that's greater than our own
And how a love unfolds
As we tumble through the darkness to the great unknown There's a healing power deep in all of us
In the darkest hour, we can still rise up
There's a new horizon shinin' between you and me
When you slip your hand in mine
I feel the rub of the healing power of love There's a healing power, it's so deep in us
In the darkest hour, there's a healin' power of love
There's a healing power, I can feel it now
In the darkest hour, we can still rise up
There's a healing power, deep in all of us
