Afterlife

Threat Signal

I remember the look on your face and all the memories of you
A loving girl with no fear in her eyes, a riotous decision to choose

A careless man with no reason inside, he took the life out of you
A bitter end to a brief stay in life, i wish there was some way to choose

Why can't we choose?

Chorus:
We aren't here to stay, we're all the same way, see us fall away
I'll see you in the next life

25 with no reason to die, i know you should be right here
He paid the fine but never did any time, why is this life so unfair?
