Next Contestant

Nickelback

I judge by what she's wearing

Just how many heads I'm tearing

Off of assholes coming on to her

Each night seems like it's getting worseAnd I wish she'd take the night off

So I don't have to fight off

Every asshole coming on to her

It happens every night she worksThey'll go and ask the DJ

Find out just what would she say

If they all tried coming on to her

Don't they know it's never going to workThey think they'll get inside her

With every drink they buy her

As they all try coming on to her

This time somebody's getting hurt

Here comes the next contestantIs that your hand on my girlfriend?

Is that your hand?

I wish you'd do it again

I'll watch you leave here limping

I wish you'd do it again

I'll watch you leave here limping

There goes the next contestantI even fear the ladies

They're cool but twice as crazy

Just as bad for coming on to her

Don't they know it's never going to workEach time she bats an eyelash

Somebody's grabbing her ass

Everyone keeps coming on to her

This time somebody's getting hurt

Here comes the next contestantIs that your hand on my girlfriend?

Is that your hand?

I wish you'd do it again

I'll watch you leave here limping

I wish you'd do it again

I'll watch you leave here limping

There goes the next contestantI'm hating what she's wearing

Everybody here keeps staring

Can't wait 'til they get what they deserve

This time somebody's getting hurt

Here comes the next contestantIs that your hand on my girlfriend?

Is that your hand?

I wish you'd do it again

I'll watch you leave here limping
I wish you'd do it again
I'll watch you leave here limpingI wish you'd do it again
Each night seems like it's getting worse
I wish you'd do it again
This time somebody's getting hurt
There goes the next contestant
