Everyone's Wrong But Me

[Ella Fitzgerald](#)

Everyone's saying, you'll break my heart
But I just can't agree
'Cause I love you
Everyone's wrong but meI keep repeating, we'll never part
They tell me, wait and see
Still I love you
Everyone's wrong but meTill the end of time
This much I know is true
Till the end of time
I'll go on loving you, only youTell them you love me, right from the start
And when they disagree
Just you tell them
Everyone was wrong but me'Cause I love you
Everyone's wrong but meOh, still I love you
Everyone's wrong but meTell them you love me, right from the start
And when they disagree
Just you tell them
Everyone was wrong but meAnd when they disagree
And when they disagree
Just tell them
That everyone's wrong but me
