

# African Children

## Aswad

Many African children,  
Living in a concrete situation  
African children  
Are living in a concrete situation  
African children  
They don't know a where they're coming from  
African children  
Right here in a mean world guarded  
African childrenAll of the nation are  
Living in these tenements,  
Crying and applying to their council  
For assistance  
Their tribulation it's so sad  
Their environment it is so bad  
High rise concrete  
No back yard for their children to playAfrican children  
Are living in a concrete situation  
African children  
Well, they don't know where you're coming a-from  
African children  
African childrenAll the people are living in these tenements  
A precast stonewall concrete cubicles  
Their rent increasing every other day  
Structural repairs assessed and never done  
Lift out of action on the twenty-seventh floor  
And when they work don't you know it smell
