# Shame

## Matchbox 20

What we learned here is love tastes bitter when it's gone
Pass yourself forget the light, things look dirty when it's on
Funny how it comes to pass, that all the good slips away
And there's no one around you can remember being good to you
Shame, shouldn't try you
Couldn't step by you and open up more
Shame, shame, shame
What've we lost here is something better left alone
Second steps have been forgotten, will you tell me how they go
Set yourself, situate, like a fool try again
There's no one around you can remember being good, for you
So shame, shouldn't try you
Couldn't step by you and open up more
Shame, shame, shame
Shame, shouldn't try you
Couldn't step by you and open up more

Shame, shame, shame
We never thought we'd get so troubled
We could never think that much
And it should never get this bad
So let the wind blow you, across the big floor
But there's no one around who can tell us what we're here for
But funny in a certain light, how we all look the same
And there's no one in life who can remember ever stood for you
So shame, shouldn't try you
Couldn't step by you and open up more
Shame, shame, shame
Now step back you all
Shame, shouldn't try you
Couldn't step by you and open up more
Shame, shame, shame
