

Crazy Faith

John Waller

O God did I hear You?
You really want me to
Walk up to that mountain
Tell it just to move
This is crazy, yeah
I'm trusting
Coz with You I know
That all things
Are possible
And I can walk on water
If you are calling me to you
And is crazy, yeah
Lord, this scares me, yeah

CHORUS

But it's gonna take crazy faith
So what if it costs everything
I'm stepping out
I'm taking the leap of crazy faith
Crazy faith
This house in on my dreams
Your asking me to leave
And take my wife and children
Where we'd never thought we'd go
This is crazy
You know what
I'd never thought we'd go
And it scares me, yeah

CHORUS

[Lyrics from: <http://www.lyrics.az/soundtracks/war-room/crazy-faith-by-john-waller.html>]

But it's gonna take
Crazy faith
So what if it costs everything
I'm stepping out
I'm taking the leap
It's gonna take
Crazy faith
So what if it costs (me) everything
I'm stepping out

I'm taking the leap
Of crazy faith
Oh,here I go
Wherever You May lead I'll go
Lead me Lord,
I'll follow,
Follow You
CHORUS X2
It's gonna take
Crazy faith
It's gonna take
Crazy faith
So what if it costs (me) everything
I'm stepping out
I'm taking the leap
Of crazy faith
Crazy faith
