I'm a Slut

Bis

Have I done something to upset you?
Was my dress a bit too see through?
Was it talking to that boy I knew?
Don't you like my brand new hairdo?You tell me I deserve this
'Cos I'm a slut and I provoke you
To do these things to meWhy can't I wear makeup tonight?
Don't really think my t-shirts too tight?
Going out, can't let me out your sight
Can I see my friends without a fight?You tell me I deserve this
'Cos I'm a slut and I provoke you
To do these things to meAlways tell me I still need you
Always tell me you don't mean to
Always tell me I still need you
Always tell me you don't mean toTell me when I talk I am a flirt?
I agree, I prefer the long skirt
How nice of you to let me not work
I'll do anything to make you not hurt
