Beautiful Dream

Dale Earnhardt Jr. Jr.

Sail down the stream
Such a beautiful dream
Never stopping
Never touching anything
Till dawn awakes you
With a breath of the spring
Far from the crowds
Way above the clouds
We can take you to
The edge of the day
Show you living in
A new kind of way
We'll take you floating to
A sea of morning dew
Where everyone's the same
And no one knows your name

And there you'll see that you can
Live your life to the extreme
Such a beautiful dream
We'll take you floating to
A sea of morning dew
Where everyone's the same
And no one knows your name
And there you'll see that you can
Live your life to the extreme
Such a beautiful dream
Such a beautiful dream
Such a beautiful dream
Such a beautiful dream
...
