Hey Girl

The Melodians

Hey girl, don't ask me for it's a long time now I've seen ya
Hey girl, don't ask me for it was love I gave yaLet love begin my darling, let's start from beginning
I know you know how I love you moreFor it was love I gave you, I gave you all
It was love I gave you, I gave you allFrom the bottom of my lonely heart
It was love from the start I know
I know I gave you my heart to hold
Or in the winter when it was so cold, yeahFor it was love I gave you, I gave you all
It was love I gave you, I gave you all girlFrom the bottom of my lonely heart
It was love from the start I know
I know I gave you my heart to hold
Or in the winter when it was so cold, yeahFor it was love I gave you, I gave you all
It was love I gave you, I gave you all
It was love I gave you, I gave you all
