

Turnaround

Hans Zimmer & Camille

Turn around, I'm right behind you
Turn around, I'll turn around too
Turn around, so we can hold hands
Turn around, it's lighter, flatter
Turn around, hot peas and butter
Turn around, I'm flowing in the grass
Straight, how can you be so straight?
Life's everything but straight
It's going up and down
Far, happiness isn't far
Not far from where you are
Watching your life go by
Now, why don't you sing out loud
The tune you keep inside?
Turn around, around the circle
Turn around, just like duetto
Turn around, and listen to the wind
Turn around, and put your pen down
Turn around, your feet off the ground
Turn around, and your head in the clouds
Shy, how can you be so shy
Hiding below the stars
Under your neon light?
Hi, don't say hello, say hi
Hi to a higher sky
Hi to a higher ground
Loud, why don't you sing out loud
The words you keep inside?
Why don't sing it out loud?
Why don't you sing out loud
The song you keep inside?
