

Home To Me

Sarah Darling

You look like Georgia
On a cool summer day.
Your smile hits me like
A breeze blowin'™ off the lake.

You talk like Kansas
You can see to the horizon
There's™ no place for
The words to hide
'Cause you mean what you say
Mean what you say

CHORUS

Got a heart like Indiana
Laugh like Louisiana
Take me down to Alabama
Show me some of that laid back vibe
Kissin'™, while we're™
Fishin'™ in the moonlight
Shine like California
High like an Arizona noontime
Baby when you're™ all mine
Anywhere, any place I go
You feel like home to me.
You feel like home to me.

Love's™ taken me across the map,
All the way to hell and back.
Gave everything I had and I
Lost my mind a couple times
Met you and I was sure
I found the center of the universe
Hit the interstate fast and
Now I'm™ never looking back, no
Lookin'™ back, lookin'™ back oh no.

CHORUS

You feel like home

CHORUS

You feel like home
You feel like home to me
