

Spare Change

Brandon Stansell

Yeah yeah yeah yeah, ah
Saw the thing that held me down
Did all I could in this one horse town
And I'm done with that
Yeah I'm done with that
I told myself that I'd be just fine
Without you I'm wasting time
And I'm done with that
Cause I've been comfortable for too long
All I need is you and me and we're gone
Cause what we've been looking for it don't cost a lot
Just a little spare change
To see the world in a brand new way
We're never gonna stop cause we'll just keep on dreaming
With a little spare change
You live for the rush and we got time we'll spend it
Baby let's laugh every minute with a little spare change
With a little spare change
Going through the motions it ain't motion at all
The world's too big to live so small
And I'm done with that
Yeah baby I'm done with that
Cause you see we've been comfortable for too long
All I need is just four wheels and then we're gone
Cause what we've been looking for it don't cost a lot yeah
Just a little spare change
To see the world in a brand new way
We're never gonna stop cause we'll just keep on dreaming
With a little spare change
You live for the rush and
we got time we'll spend it
Baby let's laugh every minute with a little spare change
With a little spare change
Oh there may be times we don't know
I could see the road that's right in front of us
Just know that at the end of every day
It's okay to be afraid
Cause I'm here with you at it
With a little spare change
To see the world in a brand new way
We're never gonna stop cause we'll just keep on dreaming
Baby come on you gotta believe it
Just a little spare change
To see the world in a brand new way
We're never gonna stop cause we'll just keep on dreaming
With a little spare change
You live for the rush and
we got time we'll spend it
Baby let's laugh every minute with a little spare change
With a little spare change
Oh oh oh oh oh oh oh oh
