

# Overdone

## Kingsize

Call on your name to fall in between,  
Fall in between / Talk of your days  
They say youre still the sameOld when youre young / Ready to run / Ready to run  
No carrying on / Its over and done / Its over and doneWrestle the tongue to fall back again,  
Fall back again / You had your fun  
Glad one of us did / One of us didOld when youre young / Ready to run / Ready to run  
No carrying on / Its over and done / Its over and doneCall on your name / No, youre still the same  
Youre still the sameOld when youre young / Ready to run / Ready to run  
No carrying on / Its over and done / Its over and done  
Old when youre young / Ready to run / Ready to run  
Oh, you were wrong / Its over / Yeah, its over
