She Said

Larson, Brie

Grab a drink dancin' under flashing lights
She's ah queen but she wont put up a fight
Everybody knows that shes a looker but she ain't quite right
So I lie through my teeth again
Been around see I think I know the type
Honesty is not the policy she likes
Choice words spoken to her in the heat of nights
So I lie through my teeth again
O boy would you mind if I got closer
O boy I can tell you want me don't cha
And I say why do you think that a wink can get you
anything you ask for, out on the dance floor
She said
Chorus
Ohh do you love me
I wonder why she talks like that
Oh tell me something
Tell me how'd you get to be so bad
Hey I know something you don't
Lets go
We can go wherever you want to go
How would you feel if I told ya
(You ain't worth the trouble)
Hard to think dancing under flashing lights
Touchin me tellin me I'm just her type
And everyone's telling me that she's a Hollywood hype
So tonight I'm gonna lie through my teeth again
O boy would you mind if I got closer
O boy I can tell you want me don't cha
And I say why do you think that a wink can get you anything you ask for
Out on the dance floor
She said!

Chorus
Oh do you love me
I wonder why she talks like that
Oh tell me something
Tell me how'd you get to be so bad
Hey I know something you don't

Lets go
We can go wherever you want to go
How would you feel if I told ya
Shes lookin at me but I know that she don't see
I couldn't love her when there's so many others
Blowing kisses at me but she aims to high
How could I love her when there's so many others
(repeat)
She Said!
Chorus
Oh do you love me
I wonder why she talks like that
Oh tell me something
Tell me how'd you get to be so bad
Hey I know something you don't
Lets go
We can go wherever you want to go
How would you feel if I told ya
How would you feel if I told ya
Lets Go
How would you feel if I told ya
On the dance floor
How would you feel if I told ya
Lets go
We can go wherever you want to go
How would you feel if I told ya
(You ain't worth the trouble)
