God Killed The Queen

Louis Xiv

If you want to take my body tonight
Then you got to be somebody tonight
Use me just to make your body feel right
If you want to take my body tonight
(Well God killed the Queen)
My body tonight
(Well God killed the Queen)
My body tonight
Load it
(I think I'm seeing double)
(I think I'm seeing double)
God says, "I'm on it"
(I think I'm seeing double)
He never made a dime on me
(I think I'm seeing double)
If you want to take my body tonight
(I think I'm seeing double)
Then you got to be somebody tonight
(I think I'm seeing double)
Use me just to make your body feel right
(I think I'm seeing double)
God killed the Queen
For case up
(I'll probably take)
Well count it, well count it
(My body tonight)
Well count it, well count it
Well I don't know what I'm doing here
She shoots him, load it
God says, "I'm on it"
(I think I'm seeing double)
God takes time on it
(I think I'm seeing double)
He never gave a dime on it
(Wait till you're seeing it)
(I think I'm seeing double)
(I think I'm seeing double)
Use me just to make your body feel right
(I think I'm seeing double)

(Well God killed the Queen)
