

# Be Inspired

David S Theroff

Be Inspired  
David S Theroff 1987

You say you want me to follow  
All your rules  
Yet you treat everyone around here  
As if they were fools

You see I gave up caring  
About what I hear  
The majority of people  
Well, they are bundled up  
In a cloud of fear

release the pain, youve got  
in yourself  
take control of your life  
and your health

don't look upon me  
as your enemy  
the one you are looking for  
you can't see

pay close attention  
to all you do  
the one you are looking for  
is inside of you

Be inspired to move the sea  
Be inspired to move me.

you say you got so many problems  
in your life  
yet all you ever talk about  
is your strife

Be inspired to move the sea  
Be inspired to move me.
