Guilty As Sin

Kasey Chambers

Long way down a one way track
The cold run down the length of my back
You whipped my heart with a mighty crack
You gave me the closest thing to a heart attackMy body shivers, my body it shakes
You rock the house with the love that you make
I'm growin' weak with this intangible ache
But baby keep it comin' for goodness sakeWash me down with the dirty water
Open the door and let me come in
If it's a crime to let you under my skin
Lock me up 'cause I'm as guilty as sinWash me down with the dirty water
Open the door baby let me come in
If it's a crime to let you under my skin
Lock me up 'cause I'm as guilty as sinYou got no style, you ain't heard of romance
I'm like a fool for even takin' a chance
You got me flying by the seat of my pants
But come on baby, I wanna danceWash me down with the dirty water
Open the door baby let me come in
If it's a crime to let you under my skin
Lock me up 'cause I'm as guilty as sin
