Wretched

Paris

Again I start this but I'll add a new twist
So the masses can't resist
The message brought by a Panther strictly
To relieve the disease of the sicklySo long your mind's been trapped
Slave, 'cause you're shamed to be black
Ignorant of the purpose of the plan
To keep the black man down underSo I'll address y'all this time
Make a statement that's on my mind
Brothers scared of revolution should be
Thinkin' of the way that we could beMiss blue eyes, how'd you do that?
Tried to put him in but the skin is still black
Thinkin' of a way to escape the darkness
See the weave and indeed I start this offBlack is black is black is black off
Black is black is black is blackS E D I T I O N
In the mood of the move I'm showin'
See the way the clinches have been torn
Cold spittin' facts to the miracle Earth bornSo what's your next move, black?
Go to school or maybe join a frat
Still you seem lost, the mind is brainwashed
It can't be good 'cause your mind's the costSo flip on your Young MC
Or Jazzy Jeff or whatever the case be
Mindless music for the masses makes ya
Think less of the one that hates yaThen trained to respect the game
And you turn your back on a black with the same claim
Oh, blessed but you guess they mean less
Because another brother can't afford to dressThe way you do but who said you're all that?
Made a little money, now your skin ain't black?
C'mon I don't think your shit don't stink
You can't run from the one whose primal instinctIs to fought the words I taught ya
Thought you moved quick but I just caught ya
Now you try to say that you don't remember me
I'm P-Dog from the B.P. posseOr a mob, that's known as Scarface
Pro-black and some think pro-hate
But in fact it's a call for unity
Heed the plea of weak we're soon to beMove, start this
Black is black is black is black
Enter the dark side
Black is black is black is blackDJ
Yeah, funky

DanceNow who did you think that you were steppin' to
Once your job came through
Don't get big, 'cause I caught your accent
Shoulda been real but you wanted mass appealNext time you might think of this
Might remember why I'm above this
But for now, my brother, I'll say
Peace on the positive tip there's a new way
