

# Wretched

## Paris

Again I start this but I'll add a new twist  
So the masses can't resist  
The message brought by a Panther strictly  
To relieve the disease of the sickly So long your mind's been trapped  
Slave, 'cause you're shamed to be black  
Ignorant of the purpose of the plan  
To keep the black man down under So I'll address y'all this time  
Make a statement that's on my mind  
Brothers scared of revolution should be  
Thinkin' of the way that we could be Miss blue eyes, how'd you do that?  
Tried to put him in but the skin is still black  
Thinkin' of a way to escape the darkness  
See the weave and indeed I start this off Black is black is black is black off  
Black is black is black is black S E D I T I O N  
In the mood of the move I'm showin'  
See the way the clinches have been torn  
Cold spittin' facts to the miracle Earth born So what's your next move, black?  
Go to school or maybe join a frat  
Still you seem lost, the mind is brainwashed  
It can't be good 'cause your mind's the cost So flip on your Young MC  
Or Jazzy Jeff or whatever the case be  
Mindless music for the masses makes ya  
Think less of the one that hates ya Then trained to respect the game  
And you turn your back on a black with the same claim  
Oh, blessed but you guess they mean less  
Because another brother can't afford to dress The way you do but who said you're all that?  
Made a little money, now your skin ain't black?  
C'mon I don't think your shit don't stink  
You can't run from the one whose primal instinct Is to fought the words I taught ya  
Thought you moved quick but I just caught ya  
Now you try to say that you don't remember me  
I'm P-Dog from the B.P. posse Or a mob, that's known as Scarface  
Pro-black and some think pro-hate  
But in fact it's a call for unity  
Heed the plea of weak we're soon to be Move, start this  
Black is black is black is black  
Enter the dark side  
Black is black is black is black DJ  
Yeah, funky

DanceNow who did you think that you were steppin' to  
Once your job came through  
Don't get big, 'cause I caught your accent  
Shoulda been real but you wanted mass appealNext time you might think of this  
Might remember why I'm above this  
But for now, my brother, I'll say  
Peace on the positive tip there's a new way
