

# What's Going On In Your World

[George Strait](#)

What's goin' on in your world  
I hope that you're doin' fine  
I just called to say there is not a day  
That you don't cross my mind  
I just wanted to see if you feel like me  
Sorry, we said goodbye So what's goin' on in your world  
It sure is lonesome in mine  
Just tell me that you're happy  
And I'll hang up the phone  
Just tell me you don't need me anymore  
And I'll leave you alone I just wondered if you had somebody new  
After all of this time  
So what's goin' on in your world  
It sure is lonesome in mine Just tell me that you're happy  
And I'll hang up the phone  
Just tell me you don't need me anymore  
And I'll leave you alone
