

Ghosts N Stuff (Nero Remix)

[deadmau5](#)

It's been so long, I've been out of my body with you
I feel alone, feel at home, feel like nothing is true
She took me to a place where my senses gave way
Turn it round, shut it down, what the people say
Climbing up, killing time, let 'em give you some
Take my hand and let it come, let it come, let it

Take it back when she knows that you're doing it right
'Cause everybody else knows what they're taking tonight
But I just wanna play it right,
We are gonna get there tonight

It's been so far I've been walking the line on my own
Lift me up to the stars we are coming home
I only had a taste but we're out of time
We are sold in the cold, physical design
Set me free, set me out on the run
Lift me up to the sun, to the sun, to the

We are burning down, we are burning down
It's the way that you fake it I know it's too late
But I just wanna play it right
We are gonna get there tonight
I just want to take you down
We are gonna bring you around

But I just wanna play it right
We are gonna get there tonight
