

# Knockin' Boots

## Candyman

"Attention all ladies the canyman is on the proud and for those wanna get busy you got to speak up now"

this one this time  
is one of a kind  
blowing your mind  
like always the canyman can  
like a heavy weight champion  
mockin your mouth another is thought about  
once again you can scream and shout  
when i rock the bells yeah  
i rock my name  
this is what choose is missin  
listen to my heartbeat  
while im whispering  
i know your suffering  
so sweet a candyman sweet nothin  
huggin n tuggin n rubbin  
loving it all  
having a ball  
all ya'll girlies next to me  
talking sex to me  
we can't to that yet but  
i'll bet we'll chill  
"Candyman tell them the truth"  
we'll still end up knockin the boots

oo boy i love you so nevea eva eva eva gonna let you go once i get my hands on you

at beach n every show  
there's this groupie  
artists knows what she wants to do to me  
she knows my name  
knows every rap routine  
but how'd she get in my limazine  
don't act a fool  
don't drule im just a performer  
i was cool  
but the wind got warmer  
but norma quater a friend

her n a friend name lynn  
then they took me into the holiday inn  
i didn't let them know that my pockets were thin  
she blew me a kiss  
i knew she wasn't new to this  
i didn't want to  
but the devil made me do it  
to the tick tock  
STOP!  
we knock boots till 6 o' clock  
as we lay  
all night long and early in the mornin she sang this song

oo boy i love you so neva eva eva gonna let you go once i get my hands on you  
oo boy i love you so neva eva eva gonna let you go i hope you feel the same way too

girl i do!  
a tunnel of love is what im entering  
when i mention it  
your so into it  
givin it up  
like a good girl has too  
livin it up  
eventually you'll have to stay  
your gonna pay for this  
just rest your  
breasts on chest yes im memphis  
with the way your  
going up and down  
i don't wanna sit down  
i just wanna get down  
im on the ground  
down on my knees  
like james brown  
singing please please  
round 2  
im down 2  
do what it takes to make you  
understand im the candyman  
i melt in your mouth not in your hands  
hard as a rock  
yes im no sucker  
the boots aren't making me that mother  
knockin well ima hip-hoppin

many people say my lyrics are shockin  
just because of the simple subject  
evrybody should love it  
cuz everybody does it  
whether if there a minute  
or deny it  
you better keep quite  
or else you might have to  
see a few skelatons  
but girl thats a relative  
right on the bottom  
of bos motty  
pop off the top and rock with my possy  
be an album del teebla  
we ask the questions  
you give the rewalks  
reese chips n robby button  
rockin on a wulabee  
knockin on the rug  
just playing with the guilt  
girl you should know im real
