

# Lets Go

## DJ Pablo

Hey you, so you hit another brick wall  
You're beat down but you're not behind the eight ball  
Hey you, when you break it's not a reason to bleed  
Let's go, let's go, let's go

It's not the end of the world  
Just because you're in pieces  
It ain't the end of the world

We're all so young and in love with violence  
Live and let die and let's go  
I said, all good people, stand in silence  
Forgive your evils, let's go  
Let's go to the edge, go to the end  
Let's go, let's go, let's go  
Let's go to the darkness, nothing can stop us  
Come on everybody, let's go

Hey you, well you look like a car crash  
How long will the madness in your head last  
Hey you, when you break it's not a reason to bleed  
Let's go, let's go, let's go

It's not the end of the world  
Just because you're in pieces  
It ain't the end of the world

We're all so young and in love with violence  
Live and let die and let's go  
I said, all good people, stand in silence  
Forgive your evils, let's go  
Let's go to the edge, go to the end  
Let's go, let's go, let's go  
Let's go to the darkness, nothing can stop us  
Come on everybody, let's go
