

Lets Go

DJ Pablo

Hey you, so you hit another brick wall
You're beat down but you're not behind the eight ball
Hey you, when you break it's not a reason to bleed
Let's go, let's go, let's go

It's not the end of the world
Just because you're in pieces
It ain't the end of the world

We're all so young and in love with violence
Live and let die and let's go
I said, all good people, stand in silence
Forgive your evils, let's go
Let's go to the edge, go to the end
Let's go, let's go, let's go
Let's go to the darkness, nothing can stop us
Come on everybody, let's go

Hey you, well you look like a car crash
How long will the madness in your head last
Hey you, when you break it's not a reason to bleed
Let's go, let's go, let's go

It's not the end of the world
Just because you're in pieces
It ain't the end of the world

We're all so young and in love with violence
Live and let die and let's go
I said, all good people, stand in silence
Forgive your evils, let's go
Let's go to the edge, go to the end
Let's go, let's go, let's go
Let's go to the darkness, nothing can stop us
Come on everybody, let's go
