

Brand New Car

Mungo Jerry

Well everybody's talkin' 'bout my brand new car,
They say they want to ride and they want to go far,

[Chorus:]

Oh, baby ride in my brand new car,
Won't you come on baby, won't you ride in my brand new car.

It's got a bright red bonnet, it matches your dress,
Reclining seats and black headrest

[Chorus]

Turn the radio on, put a tape in the slot,
You can light a cigarette, look at the clock,

[Chorus]

It's got a dog in the back, that nods his head,
The back seat springs, yeah, just like a bed,

[Chorus]

Disc brakes all round, power steering too,
Twin carburetors, an ice box in the boot,

[Chorus]
