

Is It Love

Bosson

Lyrics: bosson, music: bosson Chorus:

Is it love, is it love that I feel

Is this the love people talk about

Is it love, is it love that I feel

Is this the love that we used to dream about

Is it love...I'm standing alone, in a bright cold december night

I'm counting the stars, while I wait, here for you my lady

They say we're meant for each other

That it's too good to be true

I take a little time to discover

My body's aching for you Chorus I'm starting to walk, heading home, is it over now

Then you're calling my name, I reach out

Though it hurts so baby

They say we're meant for each other

That it's too good to be true

I take a little time to discover

My body's aching for you Chorus Can someone explain why I feel

This burning pain inside, it tears me apart

Makes me weak but I can't resist Chorus
