

King Kill

Marilyn Manson

Is this what you wanted? This is what you get
Turned all your lives into this shit
You never accepted or treated me fair
Blame me for what I believe and I wear You fucked yourselves and you raised these sheep
The blue and the withered seeds you will reap
You never gave me a chance to be me
Or even a fucking chance just to be But I have to show you that you played a role
And I will destroy you with one simple hole
The world that hates me has taken it's toll
But now I have finally taken control
You wanted so bad to make me this thing
And I want you now to just kill the king And I am not sorry, and I am not sorry
This is what you deserve
And I am not sorry, and I am not sorry
This is what you deserve
And I am not sorry, and I am not sorry
This is what you deserve
