Love Somebody

St. Lucia

We've been talking so slow
Into the darkness we go
But I will never be the one to let you know
There's no need for the showOh baby baby I wanna love someone
I wanna love somebody
I wanna love someone
I wanna love somebodyIs there a place in your heart
Where nothing ends and we start
'Cause I have the memory, and you can't get up
Lets take a moment and stopOh baby baby I wanna love someone
I wanna love somebody
I wanna love someone
I wanna love somebody
I wanna love someone
I wanna love somebody
I wanna love someone
I wanna love somebodyI wanna love somebody
I wanna love somebody
I wanna love somebody
I wanna love somebodyI wanna love someone
I wanna love somebody
I wanna love someone
I wanna love somebody
I wanna love someone
I wanna love somebody
I wanna love someone
I wanna love somebodyI wanna love somebody
Go find somebody, go find somebody to love
I wanna love somebody
Go find somebody, go find somebody to love
I wanna love somebody
Go find somebody, somebody to love
I wanna love somebody
Go find somebody to love
