Left Bank

Bud Shank Quintet

Left BankLeft bank, I'm waiting for someone
Someone to be my friend
Outside, traffic's running slowly
I hear it from my windowWithout you, I'm getting lost
Without you, there's no release
I can't hold the sun
I can't hold the sunIt's raining, love is not around me
How can it get soak?
Homesick, this is how I feel now
This is how you left meWithout you, I'm getting lost
Without you, there's no release
I can't hold the sun
I can't hold the sunWithout you, I'm getting lost
Without you, there's no release
I can't hold the sun
I can't hold the sun
