

Left Bank

Bud Shank Quintet

Left Bank Left bank, I'm waiting for someone
Someone to be my friend
Outside, traffic's running slowly
I hear it from my window Without you, I'm getting lost
Without you, there's no release
I can't hold the sun
I can't hold the sun It's raining, love is not around me
How can it get soak?
Homesick, this is how I feel now
This is how you left me Without you, I'm getting lost
Without you, there's no release
I can't hold the sun
I can't hold the sun Without you, I'm getting lost
Without you, there's no release
I can't hold the sun
I can't hold the sun
