

Where Your Grace Begins

Terell Davy

(This was confirmed by Terell himself, as he is my vocal coach since 2012)

Verse 1:

Say hello
Say goodbye
Same routine
Same inside

Keep it up
And shout it out
Say I'm ok
Continue on my way

Pre-chorus:

But I'm anything but
Those two letters
I'm dyin' inside
But it won't get better

But I still live a lie
And I cry at night
And in the dark I fight till sunrise

Chorus:

But you hear me crying out
That's when you wrap your arms around me
I feel you now
I'm in the presence of your beauty
I'm overwhelmed
Can nothing stop you from loving me
Where I am is where your grace begins

Verse 2:

See the world tells me that I'm not enough
And I'll never measure up
And every single time I fail
Those voices seem a little bit louder
But you stay silent
And it's quiet
Even in my sleep you hold me

Unaffected, unashamed
You call me as your own

Chorus again

Bridge:

Your grace goes on
when I'm done
And I'm giving up
When I wanna stop
Got nothing left

When there's no one there
And I'm scared
And I'm letting go
Faith is getting low
You take my hand
