

Paint the Town Green

The Script

And I know youâ€™re missing home
Itâ€™s been so long since youâ€™ve left
And that life you had in Dublin
Now ainâ€™t nothin but a dream

To be right there in that moment
Youâ€™d give anything to be
Itâ€™s alright
â€™Cause tonight
Weâ€™re gonna paint the town green

And your friends are on the phone there
Weâ€™re so close to Paddyâ€™s Day
And it kills you not to be there
But life got in the way
If I had to break the pig
Spend every penny on your dreams
Itâ€™s alright
â€™Cause tonight
Weâ€™re gonna paint the town green

Just like home
Letâ€™s color the streets like our own
Letâ€™s make this place feel like our own
Itâ€™s just you and me
Itâ€™s alright
â€™Cause tonight
Weâ€™re gonna paint the town green

And we travel on the subway
Like a wise man knew his life
Sheâ€™s a heart set to the river
Where we kissed for the first time
Sheâ€™s a way into Dublin
Yea wherever we may be
Itâ€™s alright
â€™Cause tonight
Weâ€™re gonna paint the town green

Just like home

Letâ€™s color the streets like our own
Letâ€™s make this place feel like our own
Itâ€™s just you and me, so right
Tonight Iâ€™m gonna paint the town green

Just like home
Letâ€™s color the streets like our own
Letâ€™s make this place feel like our own
Itâ€™s just you and me, so right
Tonight Iâ€™m gonna paint the town green
