

# To Love Once Again

## Solid Harmonie

(M.Martin/K.Lundin)

Remember when we said goodbye  
To give each other time  
We said that we should live apart  
Only for a while  
Now it feels like it's all I waited for

Chorus:

To love once again, I'd do  
anything, oh yeah  
But I know that we can make it  
last forever  
I may be lost  
I may be blind but I am not a child  
I know that we can make it  
right if only for a while  
It's not that easy please believe me  
I don't wanna let you go

Chorus

To love once again I'd do  
anything, oh yeah  
And I hope the time will come,  
when we will find peace of mind  
Now I'm waiting for a sign that  
leads me closer to love again

To love once again

Chorus (2x)

To love once again, I'd do  
anything, oh yeah  
And I hope the time will come,  
when we will find peace of mind
