

# Don't Make Fun of Daddy's Voice

Morrissey

Long ago when he was  
Young and restless  
Suddenly, daddy saw  
The beckoning finger of fateDon't make fun of daddy's voice  
Because he can't help it  
When he was a teenage boy  
Something got stuck in his throatWhen you are young  
You crave affection  
And it can come  
From the strangest directionDon't make fun of daddy's voice  
Because he can't help it  
When he was a teenage boy  
Something got stuck in his throatDon't make fun of daddy's voice  
Because he can't help it  
When he was a teenage boy  
Something got stuck in his throatNo te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?No te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?  
No te diviertes con papi?
