

# Heaven

## Lamb

Soon come soon, sweet so sweet  
Falling soft between the sheets This could be Heaven right here on earth  
This could be Heaven  
This could be Heaven right here on earth  
This could be Heaven Please you please, mine be mine  
Forever and all time This could be Heaven right here on earth  
This could be Heaven  
This could be Heaven right here on earth  
This could be Heaven Sleep to sleep, sigh on sigh  
On a lover's lullaby This could be Heaven right here on earth  
This could be Heaven  
This could be Heaven right here on earth  
This could be Heaven This could be Heaven  
This could be Heaven  
This could be Heaven
