Do Me Right

Rome

Do me right all night
Baby I'm waitin', anticipatin'
Do me right all night
Baby I'm waitin', anticipatin'Now I can't wait to feel your heartbeat
Taking control of me, baby
And I can't wait to feel your good love
'Cause you know what I need, baby, do me rightDo me right all night
Baby I'm waitin', anticipatin'
Do me right all night
Baby I'm waitin', anticipatin'A woman like you knows what she likes
And a man like me who loves to satisfy
If you want it come and get it
Let me love you all through the night, babeDo me right all night
Baby I'm waitin', anticipatin'
Do me right all night
Baby I'm waitin', anticipatin'Do me right all night
Baby I'm waitin', anticipatin'
Do me right all night
Baby I'm waitin', anticipatin'Do me right all night
Baby I'm waitin', anticipatin'
Do me right all night
Baby I'm waitin', anticipatin'
