

Let It Ride (final No Shout prod. by Stargate)

Atozzio

If I could take it back
I'ma let it ride, girl Speeding down the highway
Hundred miles an hour
Switching at the lanes with the radio loud
Adjust the rear view mirror
But I ain't looking back for her, ooh Talkin' to myself still tryna figure out
Did all of that just happen at the house
I left all my things
And I just can't turn around She kept tryna work it out
Someway, somehow
And when she tried to talk about it
I said, not now I'm just a man, I don't know why
I do the things I do
I was wrong and I know it
But that won't change a thing, no If I just could take it all back, I would
And take all the bad and make it all good
It's too late to change it, that's understood
I'll let it ride, let it ride If I just could take it all back, I would
And fix everything I broke if I could
But I'm a just go ahead and let it ride
Let it ride, let it ride She's screamin' innerly
'Cause I'm two hours late
The tears messin' up the makeup on her face
She can't be this upset 'cause I missed a date Something else is on her mind
She knew about the other chick
That I've been fooling with
Got up in my face I pushed her back a little bit
Then I grabbed my keys
Leapt out the door
Said, I don't wanna see her no more, no, no I'm just a man, I don't know why
I do some of the things I do
I was wrong and I know it
But that won't change a thing Only if I just could take it all back, I would
And take all the bad and make it all good
It's too late to change it, that's understood
I'll let it ride, let it ride If I just could take it all back, I would
And fix everything I broke if I could
(I'll make it better)
But I'm a just go ahead and let it ride (Let it ride)

Let it ride
(Ooh)
Let it ride Why did I have to lose a good thing?
To see a good thing
Now I wanna change
Why do I recognize now? After all that just went down, ooh
Wish I could turn back time
When everything between us was so right
But I can't so I gotta live with the choice I made
Oh, ooh If I just could take it all back, I would
Take all the bad and make it all good
It's too late to change it
(Too late)
That's understood
I'll let it ride, let it ride
(I'm gonna let it ride) If I just could take it all back, I would
(All back I would)
And fix everything I broke if I could
But I'm a just go ahead and let it ride
Let it ride, let it ride
(Yeah, yeah, yeah, heah) If I just could take it all back, I would
(Take it back, babe)
Take all the bad and make it all good
It's too late to change it, that's understood
I'll let it ride, let it ride If I just could take it all back, I would
(If I could take it all back)
And fix everything I broke if I could
(Fix everything empty girl)
But I'm a just go ahead and let it ride
Let it ride, let it ride If I could
(If I could)
Take it back
(Take it back)
I'ma let it ride, girl
