

Darkness

Sean Nicholas Savage

If you really want it,
I'm the kind of guy that will give it
away to you
Waiting 'round the corner
to get me on a Saturday nightGet me to the darknessIf you really want it,
I'm the kind of guy that'll give in
to misery
I can't close my eyes to
possibilities I despiseI become the darkness
I become the darknessIf you really want it,
I'm the kind of guy that'll give
The whole thing
If they knew who I was
I know what everybody would say
Take me to the darkness
Get me to the darknessIf you really want it,
I'm the kind of guy that'll give it
away to you
