

Solaris (Winter Olympics Version) - Single

Elliot Minor

If I'm closer to the sun,
I'm the furthest from someone,
I'm the chord that won't resolve,
A craze that won't belong,
And I just cannot leave,
I keep on burning from the heat,
I'm blinded from the spill,
Of light here she shines on me.[Chorus]
And oh she's bringing in, she's bringing in the light,
And I'm, I'm getting it, I get it I'm alive
So don't count on your satellites,
To say she's here tonight,
Just know she's bringing in,
She's bringing in the light. Oh she likes to lead,
Every way she lead me on,
She took the ground beneath my feet,
And drew me closer to the sun,
My mind is spinning right to the edge,
I'm veering out of control,
She gracefully reels me in,
And oh, here she comes, here she goes.[Chorus: x3]
