

Any Old Time

[George Strait](#)

Any old time you get lonely
Nights get cold or love is blue
Just snuggle up honey, you're my one and only
Any old time, I'm here for you Pay no mind to the hour
Or how far away you may be
Any old time you can find me, drop in a dime
And there I'll be Any old time you start missin'
Somebody to hold, to keep you company
I'll be willin' when you want my kissin'
Any old time, just call on me Pay no mind to the hour
Or how far away you may be
Any old time you can find me, drop in a dime
And there I'll be
