

Milk It

Nirvana

I am my own parasite
I don't need a host to live
We feed off of each other
We can share our endorphins Doll steak
Test meat Look on the bright side is suicide
Lost eyesight I'm on your side
Angel left wing, right wing, broken wing
Lack of iron and not sleeping I own my own pet virus
I get to pet and name her
Her milk is my shit
My shit it is her milk Test meat
Doll steak Look on the bright side is suicide
Lost eyesight I'm on your side
Angel left wing, right wing, broken wing
Lack of iron and not sleeping Doll steak
Test meat Look on the bright side is suicide
Lost eyesight I'm on your side
Angel left wing, right wing, broken wing
Lack of iron and not sleeping Protector of the kennel
Ectoplasma, ectoskeletal
Obituary birthday
Your scent is still here in my place of recovery
