Published by mfg sing sing music/socan - ascapThere ain't no way around it
I'm confused, and the words come out wrong
Yeah, I'm actin' like some kind of school boy
Like a puppy, I just tag along, huh, sayin'It feels right, she's outta sight
I do just what she wants me to
I've never done nothin' like this here before
I'm bein' used, I'm bein' used
Lord singin' ooh, baby that's love
Singin' ooh, baby that's loveWell I've been thinkin' about it
It's crazy how I carry on
Yeah, my friends can hardly believe it
They say I'm actin' like some kind of clown, huh, sayin'It feels right, she's outta sight
I do just what she wants me to
I've never done nothin' like this here before
I'm bein' used, I'm bein' used
Lord singin' ooh, baby that's love
Singin' ooh, baby that's love
Good lord, hey that's loveI could give you, good advice
Don't look back now, don't think twice
Just keep on rockin', don't sit still
If you're lookin' to find love, you will, huh, sayin'It feels right, she's outta sight
I do just what she wants me to
I've never done nothin' like this here before
I'm bein' used, I'm bein' used
I'm singin' ooh, baby that's love
Singin' ooh, baby that's love
Singin' ooh, baby that's love
Singin' ooh, baby that's love
Good lord, that's love, yeah, alright
My my my my my my, yeah
