Tonight Cowboy You're Mine

Joey + Rory

Take off your boots
Leave 'em there on the floor
And hang that old hat
On the hook by the doorLeave the horses and cattle
And the ranch far behind
They've had you all week...
Tonight cowboy you're mineTurn down those lights
On that nightstand
Let all that weight on your shoulders
Just melt in my handsThat ole latch on the barn door
And that broken fence line
Will still be there tomorrow
Tonight cowboy you're mineInstrumentalSo leave the horses and cattle
And the ranch far behind
They've had you all week...
Tonight cowboy you're mine
