Skin

Grimes

ohh oh oh ohh oh oh ohh oh oh ohh
Soooooft skin,
You touch me with it, so I know
I can be human once again.
I know you're faced with something
that could consume you completly.
Soooooooft skin,
You touch me once again, and somehow
it stings 'cause I know it is the end.
I hate that you're leaving.
So why don't you talk to me?
You act like nothing ever happened,
But it meant the world to me.

| And you can't, and you can't
| See the weight in the trees.
| And you can't, and you can't
| See the weight of the bees.
|
| And you can't, and you can't
| See the weight on my heart.
| And you can't, and you can't
| See the weight on my heart.
|
| These are our,
| These are our fallen secrets.

[Repeated a lot]
Soooooooooooooooooft skin,
Why have you been in my heart?
Until I think of you (?)

Sooooooooft skin
oh oh
You were never in love to begin with
So now I'm suffering..

| And you can't, and you can't
| See the weight in the trees.

| And you can't, and you can't
| See the weight of the bees.
|
| And you can't, and you can't
| See the weight on my heart.
| And you can't, and you can't
| See the weight on my heart.
|
| These are our,
| These are our fallen secrets.

[Repeated a lot]
Soooooft skin,
You touch me with it, so I know
I can be human once again.
I know you're faced with something
that could consume you completly.
Soooooft skin,
You touch me once again, and somehow
it stings 'cause I know it is the end.
I hate that you're leaving.
So why don't you talk to me?
You act like nothing ever happened,
But it meant the world to me.
ohh oh oh ohh oh oh ohh oh oh ohh
