Dream Cave

Cloud Control

Laid awake, I tried to escape
Your love won't catch meLocked you in my turning page
I'll always be freeI love you too, I'm not scared for you darling
I'll make you mine all of my dirt
All I could do is dream of you darling
I'm in a dream caveOur words and all of our words
I know you'll pull through
Here I am, I love it again
I'll always be trueI love you too, I'm not scared for you darling
I'll make you mine all of my dirt
All I could do is dream of you darling
I'm in a dream caveI'm in a dream cave
