

# Andromeda (feat. Matt Van)

## Mr FijiWiji & Exist Strategy

Caught in a wasteland  
And I don't know what to do  
Floating through vacant spaces  
Couldn't stop if I wanted to  
As gravity takes my body  
Out of your stratosphere  
I'm combing the skies  
To light up the dark  
Cause I feel alone out here  
In this Galaxy Inside of me (inside of me)  
Don't wanna be  
Your enemy, no This fallacy  
It's guiding me  
As it takes me away from you  
And I'm drifting away from you  
In this galaxy in my mind  
I've made for you  
This tragedy comes to life  
Out of the blue And I don't know why  
But I feel most alive  
When I'm searching for these signs of life  
In the hopes that they'll lead to you There's a fantasy in my mind  
I've made for you  
The agony comes to life  
In waves of blue  
And I don't know why  
But I'm drifting away from you  
Oh, I'm drifting away from  
This galaxy  
Inside of me  
Don't wanna be  
Your enemy, no  
This fallacy  
It's guiding me  
As it takes me away from you And I'm drifting away from you
