

Payday

Plebs

Let's go out on the town tonight
My pockets are heavy with loot
 And get drunk and blasted
 And loud in your dress of blue
I've been living from hand to mouth
 It must be three or four weeks
 And I can tell you one thing, Jack
 You listen when your stomach speaks
 I feel good just like I knew that I would
And all on account of that wine that I bought today
And I'm smiling so sweet at every little girl that I meet
Some fools will try to tell you it's a sin to feel this way
 It feels so funny having all of this money
 I think I feel like dancing the night away
 I think I feel like dancing the night away
 I got me this long legged girl
 To help me to spend my dough
 Her heart as big as your mama's stove
 And her body like Brigitte Bardot
 I'm all ready for some rock n' roll
 With the guitar turned up loud
 And the fancy footwork
 And the drunk down, drugged up crowd
 I feel good just like I knew that I would
And all on account of that wine that I bought today
And I'm smiling so sweet at every little girl that I meet
And some fools will try to tell you it's a sin to feel this way
 It feels so funny having all of this money
 I think I feel like dancing the night away
 I think I feel like dancing the night away
 I think I feel like dancing the night away
